### **Official NCCA Accreditation Statement**

On July 19, 2011, the National Commission for Certifying Agencies (NCCA) granted accreditation to the American Board for Transplant Certification, Certified Clinical Transplant Coordinator, Certified Clinical Transplant Nurse and Certified Procurement Transplant Coordinator certification programs for demonstrating compliance with the *NCCA Standards for the Accreditation of Certification Programs*. NCCA is the accrediting body of the Institute for Credentialing Excellence (formerly the National Organization for Competency Assurance). The NCCA Standards were created in 1977 and updated in 2003 to ensure certification programs adhere to modern standards of practice for the certification industry. ABTC joins an elite group of more than 100 organizations representing over 250 programs that have received and maintained NCCA accreditation. More information on the NCCA is available online at [www.credentialingexcellence.org/ncca](http://www.credentialingexcellence.org/ncca) or by calling 202/367-1165.
